December 12, 1984

Ms Janet Feldstein
Environmental Engineer
U.S. Environmental Protection Agency
Region II
26 Federal Plaza
New York, N.Y. 10278

Dear Ms Feldstein:

Attached herewith is the requested information regarding our using the Duane Marine Salvage Corporation, Perth Amboy, N.J. for the disposal of 2400 gallons of waste on February 7, 1979.

We did not release any materials listed in Administrative order Index No 11-Cercla-50102, paragraph 12. The waste was neutralized using caustic soda-50%, copies of our invoices from the Amerchem Corporation prior to discharge are also attached, in addition to a copy of the special waste manifest.

Very truly yours,

Robert Guth
Robert Guth
President

WEST ESSEX PRINTING PLATES
EPA #N.J. 0030155

- #1. Yes, Neutralized etching waste to a [PH of 7.0]. Caustic Soda-50% was used for neutralization. Copies of invoices prior to discharge are attached. Additional invoices prior to discharge can be supplied if required.
- #2. 2400 gallons.
- #3. Pumped from 55 gallon drums into a tank truck.
- #4. Copy of shipping manifest is attached.
- #5. No contract or written agreement other than manifest was entered into with Duane Marine Salvage Corp.
- #6. We do not have names of other people, companies, individuals, partnerships that may have transported or disposed of hazardous waste at Duane Marine Salvage.

Robert Guth, President

INSTRUCTIONS

Section I. Special Waste Generator

SECTIONS I AND II MUST BE COMPLETED AND SIGNED BEFORE THE WASTE CAN BE SHIPPED.

1. The Generator shall complete Section I as follows:

- Enter your assigned Plant Identification Number (Air Pollution Plant Number or one given by the Administration).
- Enter the date the waste was picked up by the special waste hauler.
- Enter your company name and the address of the Plant which generated the special waste.
- State the name and address of Special waste Hauler and of the Special Waste Facility to which the special waste is to be transported.
- On the line labeled "Handling Instructions" give any instructions necessary for the safe handling of the waste.
- Select the waste type which best describes each special waste to be shipped. If the waste does not fall within any of the indicated types, enter an appropriate description of the waste within the section marked "Other".
- Should the special waste contain any of the following contaminants, list each waste stream separately under "Other" indicating the contaminant and total quantity:
 - (1) 2,4, 5 - T
 - (2) Trichlorophenol
 - (3) Pentachlorophenol
 - (4) Hexachlorophene
- If the waste is in containers, enter in the column labeled "containers", the number of containers for each waste type being shipped.
- In the column labeled "Physical State" use one of the following letter codes which best describe each waste type being shipped.

S - Solid	L - Liquid	M - Mixture (Liquid-Solid, Sludge)	V - Gas
-----------	------------	------------------------------------	---------
- In the column labeled "Hazardous ID", use one of the following letter codes to identify the waste hazard for each waste type being shipped. (If the waste contains any of the substances designated by the Occupational Safety and Health Administration (OSHA) as carcinogens, use letter Code "M" regardless of other hazards associated with the waste.)

F - Flammable	E - Explosive	Z - Generates Pressure
C - Corrosive	I - Irritant	T - Toxic
A - Reacts Violently with Air	W - Reacts Violently with Water	M - Mutagenic, Teratogenic, Carcinogenic
- In the column labeled "Total Quantity" enter the total amount of each waste type being shipped. After the number use P if the amount is stated in pounds or G if the amount is stated in gallons.
- Sign and date certification.

2. Obtain certification of collector-hauler in Section II.

3. Retain copy E of the Manifest. Forward copy "D" to the Solid Waste Administration by the next business day.

Sections II and III Special Waste Hauler

- Section II shall be completed by the hauler at the time of pick-up from the Special Waste generator.
- Enter the vehicle license plate number and the state in which the vehicle is registered.
- Sign and date Section II upon receipt of the Special Waste from the Generator designated in Section I, and return copies D and E to the generator.
- Section III shall be completed by the hauler at the time of delivery to the facility.
- Enter the vehicle license plate number and the state in which the vehicle is registered.
- Sign and date Section III upon delivery of the Special Waste to the facility designated in Section I.
- If the hauler named in Section I transfers the waste to a different vehicle, or to another hauler, he shall complete Supplement Number 1 which shall be attached to the Manifest.
- The hauler shall retain copy "C" of the Manifest after Section IV and if appropriate Section V, of the Manifest has been completed and signed by the facility operator.
- If the shipment is rejected by the facility, the hauler is responsible for returning the shipment to the generator, and for receiving a completed copy "M" of Supplement Number 2 from the generator.
- If special waste is picked up from an out-of-state generator, it is the hauler's responsibility to have Section I completed by the generator and forward copy "D" to the Administration. If the special waste is taken to an out-of-state facility, it is the responsibility of the hauler to have Section IV, and Section V if appropriate, completed by the facility operator and to forward the completed Section A to the Administration.

Sections IV and V Special Waste Facility Operator

- The Facility operator shall complete Sections IV of the Manifest at the time of receipt of the shipment, and shall give copy "C" of the completed Manifest to the hauler delivering the shipment.
- In Section IV, enter the facility name and address.
- Enter the N.J.S.W.A. facility registration number on the line designated "Registration Number".
- Enter the date the waste was received.
- If the waste is accepted by the Facility, check the block entitled "Accepted". (If, after the waste is received and accepted, the Facility determines to ship the waste to another location other than the generator, the Facility Operator must initiate a new Manifest as the Special Waste Generator).
- If the shipment is rejected in whole or part check the block entitled "Rejected" and complete Section V of the Manifest. For each waste type rejected indicate the quantity in Section V. The operator shall initiate a Supplement Number 2.
- All of Section IV must be completed, and the certification signed and dated, prior to giving copy "C" of the Manifest to the hauler.
- Retain completed copy "B" and forward completed copy "A" to the Administration by the next business day.
- If the waste is accepted by the facility operator, and if after the acceptance he decides to reject the waste and send it to the generator, the operator shall initiate Supplemental Number 2.

If there are any questions contact the Solid Waste Administration, 32 East Hanover Street, Trenton, New Jersey or call 609-292-9877.

CERTIFICATION OF ANSWERS TO
REQUEST FOR INFORMATION

I certify that the foregoing answers to the EPA Request for Information are true, complete, and accurate to the best of my information and belief and that any documents submitted herewith are true, complete, and authentic to the best of my knowledge and belief.
